## 90<sup>TH</sup> ANNIVERSARY OF THE BIRTH OF PRINCESS GRACE OF MONACO

Born on 12 November 1929 in Philadelphia, Princess Grace of Monaco would have been 90 years old this year. A magnificent actress and muse to Alfred Hitchcock, she won the Oscar for Best Actress in 1955. In 1956, she ended her acting career to marry Prince Rainier III, with whom she had three children: H.S.H Prince Albert II, H.R.H. Princess Caroline of Hanover, and H.S.H. Princess Stéphanie. A committed supporter of humanitarian causes, in 1963 she founded AMADE, also known as the World Association of Children's Friends, and then in 1964 the Princess Grace of Monaco Foundation, an international charity. She died tragically on 14 September 1982, but will remain in our hearts forever.

Under the Treaty of Péronne, signed on 14 September 1641, between Louis XIII of France and the Prince of Monaco, Honoré II, the Principality of Monaco became a protectorate of France and lost its Spanish possessions, in the Kingdom of Naples, along with their income. **500<sup>TH</sup> ANNIVERSARY OF THE FIRST CIRCUMNAVIGATION OF THE EARTH**

In 1518, Charles I of Spain (later Charles V, Holy Roman Emperor) agreed to finance Ferdinand Magellan's plan to sail to the Moluccas (present day Indonesia), islands with highly sought-after spices, via the south-west passage. In September 1519, five ships left Sanlúcar. By December, they had crossed the Atlantic and reached Brazil. On 1 November 1520, the strait between the Atlantic and the Pacific was discovered. It would later come to be known as the Strait of Magellan. In March 1521, the fleet arrived in the Philippines. Magellan was killed in a battle with the indigenous population. Captain Elcano continued the voyage and eventually reached the Moluccas. The fleet returned to Seville on 4 September 1522.
